KIRILLOS SAID GHABRIEL

Data Analyst

Obour, Cairo, Egypt | +20 120 769 4672 | kirillossaid@gmail.com | linkedin.com/in/kirillos-said

PROFESSIONAL SUMMARY

Data Analyst with hands-on experience across the full BI stack — advanced SQL, data warehousing, ETL/ELT pipelines, data modeling, and Power BI development with advanced DAX. PL-300 certified (Microsoft Certified: Power BI Data Analyst Associate). Uses Python and AI-assisted analysis to automate data collection and reporting and works closely with business teams to define and track KPIs. Seeking a Power BI Developer role to apply these skills in a business intelligence team.

CORE SKILLS

- **BI & Visualization:** Power BI (Data Modeling, Advanced DAX, Power Query/M, Power BI Service), Tableau, Excel (Dashboards, Pivot Tables)
- **Data Engineering:** Advanced SQL, Data Warehousing, ETL/ELT Pipelines, Data Modeling
- **Programming & Automation:** Python (web scraping/automation/scripting), SQL, C
- **AI & Analytics:** AI for Data Analysis, Machine Learning, AI Agent Supervision, Prompt Engineering
- **Business Analysis:** KPI Definition & Tracking, Data Cleaning & Transformation, Report Automation

WORK EXPERIENCE

Data Analyst — Full Time — *Maharah Co. for Debt Collection*

Feb 2025 – Present | Saudi Arabia

- Managed end-to-end data workflows — collection, transformation, and analysis — across diverse company data sources to support reporting and decision-making.
- Wrote advanced SQL (joins, window functions, CTEs) to query and structure data from the collection data warehouse for reporting and ad-hoc analysis.
- Built and maintained ETL/ELT pipelines to move and transform billing and payment data from source systems into reporting-ready tables.
- Built 5+ Power BI dashboards with advanced DAX measures to track collection portfolio performance, giving stakeholders real-time visibility into recovery rates and channel effectiveness.
- Defined and tracked KPIs (recovery rate, channel effectiveness, portfolio profitability) used directly in collection strategy decisions.
- Directed an AI agent used for electronic collection outreach, reviewing its outputs and making final call/action decisions on flagged accounts.
- Automated billing and payment-status tracking with a Python web scraping bot, replacing a manual daily check and saving several hours of work per day.

Data Analyst Intern — Digital Egypt Pioneers (DEPI) — *Egyptian Ministry of Communications*

Nov 2024 – May 2025 | Cairo, Egypt

- Modeled and optimized datasets to support structured, reusable analysis across reporting cycles.
- Delivered 3+ interactive Power BI dashboards translating raw data into business insights for stakeholders.
- Published dashboards via Power BI Service and managed access/sharing for cross-team collaboration.
- Created supplementary Excel dashboards for teams without direct Power BI access.

Data Science Intern (Virtual) — *Prodigy InfoTech*

Aug 2024 – Sep 2024 | Remote

- Completed applied data science tasks covering data cleaning, exploratory analysis, and model building.

PROJECTS

- **Automated Nitrogen Estimation in Plant Leaves (Image Processing) —** Collaboration with the Agricultural Research Center. Built a Python image-processing system to detect nitrogen deficiency and toxicity from leaf color, deployed as a responsive web app for smartphone use by farmers.
- **Zain Telecom Web Scraping Bot —** Developed a Python scraping bot to extract real-time billing data from Zain Telecom, cross-referenced against internal client databases to determine payment status and amounts paid.

- **Gender Identifier —** Trained a Python name-classification model to identify client gender from Arabic and English Saudi names, enhancing data enrichment for behavioral and billing analytics.

CERTIFICATIONS

- Microsoft Certified: Power BI Data Analyst Associate (PL-300) — Feb 2025 (Exp. Feb 2027)
- Digital Egypt Pioneers — Data Analytics, Microsoft Power BI Engineer — May 2025
- IBM Data Analytics Certificate — May 2025
- IBM Data Usability for Organizations — May 2025
- IBM Data Preparation for Analysis — May 2025
- Digital Egypt Pioneers — Business English & Team Leadership — May 2025
- AI Augmented Professional Development Skills — ALX — Jul 2024
- HCIA-AI — Huawei — Sep 2021

EDUCATION

Bachelor's Degree in Computer and AI Engineering

Shorouk Academy | 2018 – 2024
